Re: Continental Aluminum/Request for Information
Pursuant to Section 104(e) of CERCLA and
Section 3007 of RCRA, for the Revere Copper
and Brass Site in Detroit, Michigan

Dear Ms. Justus:

As counsel to Continental Aluminum Corporation and Continental Aluminum Partners (collectively, "Continental"), I am writing to respond to the above-referenced Request for Information (the "Request for Information") received by Continental on September 26, 1989. This letter is intended to confirm the substance of my telephone conversation with you on October 25, 1989.

As you requested, I hereby confirm your grant of an extension of time to answer the Request for Information to November 15, 1989.

I also wish to confirm in writing your clarification of the scope of Item 7 of the "Request" section of the Request for Information. I understand that Item 7 has been modified to refer to the Site (as defined in the Request for Information), so that the first sentence of Item 7 now reads as follows:

Did you ever use, purchase, store, treat, dispose, transport or otherwise handle any hazardous substances or materials including PCB's to or from the Site? (change is underlined)

(1069GAR)

Finally, I would like to confirm your clarification of the location of the Revere Copper and Brass Site in Detroit, Michigan. As referred to in the Request for Information, this means a facility commonly known and numbered as 5851 West Jefferson Avenue, Wayne County, Detroit, Michigan (approximately 1-1/4 miles south of Ambassador Bridge, along the Detroit River).

If I have in any way misstated the substance of my telephone conversation with you and our understanding with respect to modifications in the Request for Information, I would appreciate your notifying me immediately.

Very truly yours,

Gene A. Roelofs
